	The purpose of this course is to help students develop the strength & endurance to participate in a long-distance running event & to foster an understanding of the importance of goal-setting & the psychological aspects of competing in an endurance event. Multiple aspects of long-distance running will be addressed: training principles, the history of the marathon, physiology, injury prevention, sports nutrition, environmental adaptations, the level of preparation necessary to successfully complete a marathon, goal setting & evaluating performance. The class will provide the unique opportunity to apply these principles in the actual running or walking of a marathon or half-marathon event for students who wish to participate (completing the half- or full-marathon does NOT determine course grade). This course is open to all majors & will not require the prerequisite of ES 190.

Spring 2009 Final Exam Schedule

All classes scheduled for two consecutive periods will take their examinations beginning the first hour of the scheduled time. For example, students in a class that is scheduled from 10:30 a.m.-11:50 a.m. on Tuesday and Thursday will start their final examination on Monday, May 4, 2009 at 9:30 a.m. Daytime classes beginning at a time not listed (e.g., TTH 8:30) should take their final exam at the closest listed preceding time. Evening class exams should be given during finals week at the regularly scheduled time, and as exception to Reading Day, Wednesday evening classes can take their final exam on Wednesday evening at the regular meeting time or Friday evening at 6:00pm.

Any student who has three examinations on the same day may appeal to the Provost/Vice President for Academic Affairs **no later than Friday, April 3, 2009** for permission to take one examination at a rescheduled time.
