Percussion Ensemble
President's String Quartet
Symphony Orchestra
Trumpet Ensemble
Wind Symphony
- **Athletic Bands**
Basketball Pep Band
Statesmen Marching Band
Truman Drumline
- **Jazz Ensembles**
Jazz Combos
Jazz Ensemble

Music Scholarships

- All Truman students are eligible for Music Service Scholarships, including incoming students. In the case of equal ability between two candidates, preferences will be given to music majors. For additional information regarding music scholarship availability, contact the Music Department at (888) 869-3197 or *music@truman.edu*.

Auditions

- **Music Auditions** are required of any student who wishes to declare music as their major; this audition can also serve as their scholarship audition. Students, however, need not be a music major to audition for Music Service Scholarships. Auditions for admission into select university ensembles are conducted separately. Please go to the Audition Request Form to fill out and submit an online audition form.
- **Vocal Auditions** serve a dual purpose—to determine whether the student will be accepted as a music major (if interested) and to determine what scholarship, if any, will be awarded.
- High school students with significant choral/vocal experience are encouraged to compete for these awards. Official scholarship audition dates are available upon request by filling out the online audition form. An audition date can be scheduled during the school week if the scheduled audition dates are not convenient. Contact Dr. Thomas Hueber (*thuber@truman.edu*). To sign up for scholarship auditions, please contact the office of the Music Department at (660) 785-4417, or the scholarship coordinator at (660) 785-4053 or (888) 869-3197.

Facilities

- The **Music Facilities** at Truman are an integral part of the newly constructed and renovated Truman Fine Arts Facility housed in Ophelia Parrish. The facilities include a new 500 seat music performance hall, a choral rehearsal facility, an instrumental rehearsal facility, classrooms, state of the art music labs, and support facilities.
