In this instance, such employees may have continued benefits to the extent that such benefits are available to them from the University's benefits providers at no additional cost to the University, or to the extent that such benefits are available pursuant to COBRA.
- d. These provisions for extended medical leave do not extend or enlarge the University's obligations with respect to continuation of health plan coverage under COBRA.
- e. Extended medical leave as described in sections a, b and c above is available only when the employee requesting such leave, makes the request contemporaneously with an application for disability benefits through the University's long term disability benefits program or through the U.S. Social Security disability benefits program or simultaneously through both programs.

- 10.170. Political Activities. The following are the regulations concerning political activity and holding of public office by members of the University staff and faculty:

1. Activity in Political Party Organizations:
 - a. Members of the staff and faculty may engage in lawful political activities:
 - (1) of organizations or political parties qualified to place candidates on the ballot in accordance with Missouri statutes or of political parties seeking such qualification,
 - (2) of non-partisan or bipartisan groups seeking the election of candidates to public office or the approval or disapproval of issues which are or may be submitted to the voters for approval, or

(3) on behalf of individual candidates for public office, including candidates for membership of any political committee established by Chapter 120, RSMo.

- b. Such activity, like any other personal, non-official undertaking, must be done on the individual's own time and should not interfere with University duties.
- c. Members of the staff and faculty may contribute funds to any of the above parties, groups or candidates, or expend funds on behalf of the above parties, groups, candidates or issues, subject only to State and Federal laws, which regulate political contributions.

2. Election to or Holding Public Office:

Any staff or faculty member, before he or she announces officially as a candidate for, or accepts any elected office, must inform his or her supervisor of such intention, and such supervisor must make the fact known to the President of the University through appropriate channels. If the regulations permit, the President will offer no objection to the candidacy, provided it does not require time or attention that should be given to University duties.

- a. Subject to the requirements of notice to the President, a staff or faculty member may, without permission of the President, become a candidate for and hold a part-time position as member of a school board, member of a city council, member of a county legislative body or other local school or municipal office which is part-time. In case of doubt, the President shall decide if the candidacy is permissible under these regulations. Such activity must be conducted on the individual's own time and shall not interfere with University duties.
- b. The holding of any elective full-time office in local, county, State or Federal government is forbidden while the person is serving on the University staff or faculty. Before accepting such an office, a person is required to resign his or her University post. A person seeking election to such an office must resign or request an unpaid leave of absence as of the date of filing in the primary election. The

President of the University is authorized and directed to establish policies and procedures for the grant of such unpaid leave of absence pursuant to these provisions relating to political activities.

3. This policy is subject to any applicable provision of law, or determination of the Missouri Ethics Commission.

10.180. Financial Exigency-Retrenchment.

A "financial exigency" is defined as a budgetary or financial emergency of such severity that it cannot be reasonably managed except by a retrenchment. The financial emergency contemplated by this policy, by its nature, requires fundamental, long term changes in the University's business operation.

"Retrenchment" is defined as a reduction, discontinuance or merger of programs or services which results in termination of tenured faculty or in the termination of term appointments during their term.

1. Declaration of Financial Exigency. Should a budgetary or financial emergency arise which, in the judgment of the President of the University requires retrenchment, the President will present the facts and circumstances to the Faculty Senate as soon as possible. The President will then meet with the Faculty Senate one week following that presentation for suggestions and comments. If, at that point, the President thinks that a financial exigency should be declared, the President will present the facts and circumstances to the Board of Governors. If the Faculty Senate does not agree that financial exigency should be declared, they will present their case to the Board of Governors in writing at the same time. The Board of Governors will determine whether a financial exigency exists. In considering the President's request for the declaration of financial exigency, the Board will take into account the nature and circumstances of the financial emergency, the severity of the emergency, the expected

duration of the emergency, the President's analysis of the situation and the totality of the circumstances surrounding the matter.

2. Comment Period. If the Board of Governors determines that a financial exigency exists, the President shall establish a Financial Exigency Committee. The membership of the Financial Exigency Committee will be as follows: the President of the University [chair], the President of the Faculty Senate, a representative of the faculty chosen by the Faculty Senate, the chief financial officer of the University, and the Executive Vice President for Academic Affairs and Provost. The Financial Exigency Committee (hereinafter referred to as the "Committee") shall prepare a detailed financial analysis of the situation and communicate this analysis to the Faculty Senate, to the President's Administrative Council, to the Staff Council and to the Student Government, inviting timely comment and suggestions from all of these constituencies. The Committee shall also seek advice and recommendations from Deans, Department Chairs, and other administrative supervisors. All constituents consulted by the Committee are encouraged to make written recommendations for the Committee's consideration.
3. Committee's Recommendation. After communicating with faculty, staff and students, the Committee shall include a summary of their comments and suggestions as part of the Committee's recommendation to the Board of Governors. The Committee's recommendation to the Board will include the Committee's plan for addressing the financial exigency including a detailed plan for retrenchment in employment. This plan shall include an evaluation of tenured faculty staffing needs based on functional necessity while considering seniority and tenure status.

If the Committee's recommendation includes a plan for termination of term appointments during their term, such recommendation will also include an evaluation of the appointments proposed for termination based on functional necessity while considering seniority.

The plan will include a timetable for implementation of the plan, should such plan be approved by the Board. The timetable shall include provision for as much notice as is reasonably practicable under the circumstances to the faculty whose employment will be terminated if the plan is approved and implemented.

4. Retrenchment Criteria. In preparing a recommendation for the Board, the Committee will first seek to protect the core functions of the University, as defined in the University's Mission Statement. These core functions include classroom instruction, the library and non-academic services essential to fulfilling the University's mission. The Committee will give due consideration to comments and advice from Faculty Senate, the Deans, Department Chairs and other administrative staff, the staff council and the Student Government. The Committee's plan for termination of tenured faculty positions or for termination of term appointments during their term, shall give due consideration to seniority in terms of rank and length of service. The final selection will be made on the basis of best overall qualifications in light of the needs of the University as determined by the Committee. In such cases where all other considerations are equal, seniority will be the determining factor. Termination of tenured faculty appointments or termination of faculty term appointments during their term, shall be subject to approval of the Board of Governors.

If, within two years after eliminating a tenured faculty position pursuant to this policy, the University determines to reinstate such position, the tenured faculty member who formerly held such position shall be notified of such action, if possible, and shall be rehired in their former position if they so desire. The University will make a good faith effort to locate and notify the former faculty member so affected. The conditions of such reemployment will be determined at that time.
5. Final Board Determination. While the Board of Governors may make its final decision while in closed session, the Board will first conduct a public hearing to accept comment and suggestion regarding the Committee's recommendation. Such public hearing shall be

publicized at least 2 days in advance. In considering the Committee's recommendation for responding to the state of financial exigency, the Board will take into account the nature and circumstances of the financial exigency and its severity; the expected duration of the emergency; the Committee's analysis; comments and advice from Faculty Senate, the Deans, Department Chairs and other administrative staff; the staff council; the Student Government; the Committee's recommendation for a retrenchment plan; and the totality of the circumstances surrounding the matter. The Board may approve the Committee's plan as presented or amend it as the Board determines.

Upon a declaration of financial exigency by the Board and the approval of a plan of retrenchment, the President will proceed to carry out the plan in accordance with the timetable set out in the approved plan. Any declaration of financial exigency shall be for a finite and defined period of time, will be reviewed annually by the Board of Governors and will be subject to extension if the Board determines it necessary to do so following such annual review.
