

Truman State University Advanced College Credit Programs

2017-2018 Academic Year

Truman State University accepts and awards credit for a wide variety of proficiency and placement examinations. Advanced college credit programs recognized by Truman State University include:

- Advanced Placement Program (AP) examinations
- International Baccalaureate Program (IB) examinations
- College Level Examination Program (CLEP) examinations

Academic divisions are responsible for determining the specific credit awarded for each exam or course. Credit is awarded to matriculated, degree-seeking students who achieve at or above the required level on examinations or who have transferable credits from other accredited institutions.

Students who have participated in dual credit programs and/or those who have earned prior college credit are **required** to have official transcripts sent from **all** colleges, universities, and programs through which credit has been attempted. Official transcripts and score reports for first-time undergraduate students and new transfer students must be sent to the Admissions Office prior to matriculation at Truman.

In addition to these programs, matriculated students also have the opportunity to participate in Truman State University designed or controlled examinations that allow them to waive or fulfill certain degree requirements. Students interested in participating in these examinations should consult the Truman State University 2017-2018 General Catalog for additional information.

For more information on Truman's practices and policies regarding advanced college credit, please contact:

Office of the Registrar Truman State University 100 E. Normal Kirksville, MO 63501-4221 Phone: (660) 785-4143 Fax: (660) 785-7396 E-mail: registrar@truman.edu Web: www.truman.edu/registrar

This brochure was prepared by Truman State University and reflects the manner in which Truman accepts credit from advanced college credit programs during the 2017-2018 academic year. This information is subject to revision, without prior notice, as a result of changes in the course or test content from the sending institution or program, or as a result of changes in Truman's curriculum.

Advanced Placement (AP) Program

The Advanced Placement Program's examinations are administered through high schools. For information regarding the courses or examinations, please contact a high school counselor or principal. Additional information may be obtained through the Advanced Placement Program, (888) 225-5427, or www.collegeboard.com. An original College Grade Report must be sent from AP directly to Truman State University (CEEB 6483) in order to receive credit for an exam. Scores of 3 or higher, except where noted, result in a grade of "T" (test). The "T" grade does not affect the grade point average, but does count toward total earned hours. Credit earned through AP programs is granted in the following manner:

AP Exam	Required Score	Truman Course Equivalent Credits	Awarded
Art History	3	ART 203 Introduction to the Visual Arts	3

International Baccalaureate (IB) Program

The International Baccalaureate (IB) Program's examinations are administered through high schools. For information regarding the courses or examinations, please contact a high school counselor or principal. Additional information may be obtained through International Baccalaureate North America, (212) 696-4464, or www.ibo.org. An original grade report must be sent from IB directly to Truman (CEEB 6483) in order to receive credit for an exam. **Effective Fall of 2013**, students entering Truman State University with a score of 30 or higher on their IB *in addition* to being awarded an IB Diploma will be awarded 30 hours of credit (this includes higher-level and standard-level examinations). If a student does not earn 30 credits and diploma, credit will be awarded for higher-level examinations only with scores of 4 or higher, except where noted. All credit awarded from IB will result in a grade of "T" (test). The "T" grade does not affect the grade point average, but does count toward total earned hours. Truman courses are granted for IB exams in the following manner. Students who have completed or who plan to complete IB higher-level examinations that are not listed in this brochure may have them evaluated by contacting the Registrar's Office.

College Level Examination Program (CLEP)

Truman State University administers College Level Examination Program (CLEP) exams, as do numerous testing centers around the world. For information about examination and administration procedures, or to schedule a CLEP exam, please contact our Assessment & Testing Office, (660) 785-4140. Additional information may be obtained by contacting the College Board, (609) 771-7300, or www.collegeboard.com. An original College Grade Report must be sent from the College Board directly to Truman State University (CEEB 6483) in order to receive credit for an exam.

Credit will be awarded for a scale score at or above the ACE recommended credit-granting score for each exam. A grade of "T" (test) is granted to indicate credit received. The "T" grade does not affect the grade point average, but does count toward total earned hours.
