Truman Recognized Again as No. 1 Public University in the Midwest Region-Master's Category

For the eighth year in a row, Truman State University has been recognized as the No. 1 Public University in the Midwest Region-Master's Category by *U.S. News & World Report's* "America's Best Colleges 2005." Truman also was ranked No. 9 overall in the Midwest region among both private and public institutions. Truman is the only public university in Missouri to be included in the top 10 public university-master's ranking. The Midwest region category includes Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota and Wisconsin.

U.S. News & World Report based its regional master's rankings on graduation and retention rates, faculty resources, student selectivity, financial resources, alumni giving, peer assessments among those institutions whose focus is mainly undergraduate and master's-level programs.

ITS Announces Updated Portal - TruView

The campus portal (formerly Campus Pipeline) has taken on a whole new look, with greater reliability and new features. This new product, named TruView, is now available for currently enrolled Truman students and will soon be available for faculty and staff. The site provides students with Web-based e-mail, a personal calendar, a customizable portal with many news and entertainment sources to choose from, as well as campus news and announcements. TruView also provides single login and one-click access to register for classes, pay your bills online, view your schedule, view your grades and transcripts and lots more useful information. This new portal has been purchased and implemented in response to student, faculty and staff feedback regarding Campus Pipeline and Banner Web Services and provides a single login

and more seamless access to Banner Web Services.

TruView is accessible by directing your Internet browser to <http://truview.truman.edu>. Students can log on using their user name and their network password. The network password is initially set to the student's social security number and can be changed by either logging onto a Windows computer on the Truman network or by going to <https://secure.truman.edu/password>. Students must change their password before they can log onto TruView.

For additional help or problems accessing the new account, please contact the ITS Helpdesk at 785.4544 or e-mail them at helpdesk@truman.edu. Please send any comments, suggestions or concerns about TruView to truview@truman.edu.

Pearce Makes Gift to Foundation Scholarship

R.L. Pearce, a 1949 alumnus, recently visited campus to make a \$10,000 gift to the Truman State University Foundation in honor of his wife, Louise Dye Pearce, a 1949 alumna. The gift will be used for the Louise Dye Pearce Memorial Scholarship he established in 2003.

Louise received a Bachelor of Arts in Music, and played the piano and cello. She was active in many extracurricular activities on campus

and was a member of the string quartet. She had a love for all kinds of music and taught piano lessons for many years, instilling a life-long appreciation of music in many of her students. She passed away in January 2003, and R.L. established this scholarship in fond memory of her, with the hope that it will help someone with the same love for music.

The scholarship will be awarded to a music major with preference given to a descendant of alumni and with preference to a Missouri resident.

R.L. resides in Bevier, Mo., and in Texas for part of the year.

Truman Has Largest Freshman Class in Seven Years for the 2004-2005 Academic Year

Seventy-seventy percent scored 25 or higher on the exam with 37 percent scoring in the 95th percentile or higher. In addition, more than 70 percent of the freshmen were in the top 20 percent of their high school graduating classes, and 99 percent had some form of leadership experience. Eighty-two percent of the class had a 3.5 or higher high school grade point average.
