Truman Receives \$1 Million Bequest for Scholarships from 1941 Alumnus

A \$1 million gift has been given to the Truman State University Foundation from the estate of Lydle Staggs, formerly of Shelbina, Mo. The gift will establish the Lydle and Bessie Staggs Scholarship fund that will provide support for Truman State University students from Missouri.

During the Great Depression, Staggs attended Northeast Missouri State Teachers' College primarily during the summer while working to pay his way through college. After 10 years of study, Staggs graduated from the Teachers College in 1941 with a degree in agriculture business. He married Bessie Otten in 1933, who was his wife until her death in 1993. Staggs was a well-respected grain farmer, agriculture instructor and citizen of Shelby

President Jack Magruder presents Lydle Staggs with a certificate of appreciation for his generosity in 1997.

County, Mo., for many years. He passed away on May 19, 2001.

University President Jack Magruder reflected on Staggs' gift when he stated, "Mr. Staggs was a humble and generous man who fondly remembered the way faculty mentored and cared for him over 60 years ago. His wish was to help the

next generation of students. This tremendously generous gift will touch the lives of many Truman students for years to come."

As an endowed account within the Truman State University Foundation, the Lydle and Bessie Staggs Scholarships will provide financial support for Truman students in perpetuity. It is anticipated that more than 1,000 students will receive the scholarship over the next 20 years.

Undergraduate Research Submissions Due

Abstract submissions for the 14th Annual Undergraduate Research Conference are due by 10 p.m., March 8. The Undergraduate Research Conference will be April 11. To allow students and faculty to participate in the conference, day-time classes will not be held.

Single-author or multiple-author student presentations are acceptable. Each presentation must be sponsored or co-sponsored by one or more Truman faculty mentors who take responsibility for the overall quality of the presentation.

Abstracts should be e-mailed to research@truman.edu. For more information and abstract submission guidelines, contact James Padfield at 785.4406 or at padfield@truman.edu.
