NOTES:

- (*) - Psychology majors complete at least 1 course from each of 5 groups or domains. The psychology curriculum exposes students to courses in five domains: Developmental/Social, Biological, Cognitive/Behavioral, Clinical/Personality, and Advanced Topics as well as a research methods course, an upper-level statistics course, and a course in the history of the discipline.
- Students must complete their Application to Graduate the semester prior to graduating. Apply to graduate through TruView.
- Graduating seniors need to complete their senior test and questionnaire. We recommend reviewing the [Assessment & Testing](#) page to plan accordingly.
- WE = Writing Enhanced course
- **The Dialogues curriculum** requires a certain number of courses/credit hours in the following Perspectives: Social, Arts and Humanities, STEM, Communications, and Statistics. The exact number of courses a student will be required to take during their undergraduate career varies individually according to the credit transferred in.
- Suggested minors to pair with this 2-year plan:
 - Child Studies
 - Disability Studies
 - Women & Gender Studies
 - Statistics

Department Chair: Please contact the Center for Academic Excellence (advise@truman.edu) with any updates to the plan above.
