

## Health Science (BS), Pre-Medical Sciences Concentration

This sample academic plan has been developed by the Health Science faculty and reviewed by Truman's Pre-Med Committee. The listed courses fulfill the Exercise Science (BS) (Pre-Medical Science concentration) degree requirements, which incorporates prerequisites required by most medical schools. To ensure you are planning appropriately for your chosen pre-professional field, review this list of prerequisite courses [HERE](#).

While the following plan is geared at students who intend to pursue medical school and complete the MCAT, if a student does not choose to pursue medical school or complete the MCAT, courses denoted with (\*\*) could be replaced with other Pre-Medical Sciences concentration course options. See the Health Science (BS) Academic Program page on the [University Catalog](#) for a complete list of options.

## NOTES:

- (^) = All students must complete Perspectives requirements. Health Science Pre-Medical Sciences students are specifically **required** to complete **BIOL 107, CHEM 130, and PSYC 166** to fulfill Required Support.
- (\*\*) = Students who wish to take the MCAT are recommended to complete a minimum of **PHYS 185, PHYS 186, and CHEM 329, CHEM 331, CHEM 333 and CHEM 335**.
- WE = Writing Enhanced course
- The Writing Enhanced (WE) course requirements are met by completing HLTH 320 (as an elective in the major or another WE course in any area), HLTH 349, and JINS 3XX.
- See course pre-requisites at [catalog.truman.edu/](http://catalog.truman.edu/).
- You are encouraged to use these materials in conjunction with the Truman Catalog and Degree Works (available on TruView) as a guide in planning your progress toward completion of degree requirements. The Office of the Registrar is responsible for certifying completion of degree requirements based on requirements specified in the catalog.
- If you have not completed the Civics Exam, we recommend doing so in your **first year**.
- Truman students are required to complete a [Portfolio](#) to graduate. We recommend starting to compile your work for the Portfolio sooner than later.
- Students must complete their Application to Graduate **the semester prior to graduating**. Apply to graduate through TruView.
- Graduating seniors need to complete their seniors test and questionnaire. We recommend reviewing the [Assessment & Testing page](#) to plan accordingly.
- **The Dialogues curriculum** requires a certain number of courses/credit hours in the following Perspectives: Social, Arts and Humanities, STEM, Communications, and Statistics. The exact number of courses a student will be required to take during their undergraduate career varies individually according to the credit transferred in.

**Department Chair:** Please contact the Center for Academic Excellence with any updates to the plan above. Revised 3-9-2026
