13.040. Endowed Funds-Spending Policy. It is the intention of the Board of Governors to establish a spending policy pertaining to endowed funds in order to comply with provisions of Missouri law adopted in 2009 and known as the Uniform Prudent Management of Institutional Funds Act. This policy pertains to all endowed funds of the University to which the donor has not specifically stated their intent as to:

- (a) the amount of the endowment that should be maintained in perpetuity by the University;
- (b) the amount or rate to which funds may be spent from the endowment in any given period;
- (c) the manner in which the endowment funds should be invested; or
- (d) the treatment of appreciation or depreciation of the value of the invested endowment funds.

It shall be the policy of Truman State University that all endowed funds of the University, however held, shall be maintained at or above their Historic Dollar Value. For purposes of this policy, the term "Historic Dollar Value" means the aggregate fair value in dollars of:

- (a) An institutional endowment fund at the time it became an endowment fund;
- (b) Each subsequent donation to the fund at the time it is made; and
- (c) Each accumulation made pursuant to a direction in the applicable gift instrument or by the Board of Governors at the time the accumulation is added to the fund. Any determination of Historic Dollar Value made by the Board of Governors is conclusive. The Truman State University Foundation Board of Directors may make such determination for the Board of Governors while acting in its capacity as Trustee for the University.

If, at any time, an endowed fund's balance falls below its Historic Dollar Value, no further appropriation or expenditure of monies from that fund will be permitted unless and until the fund's value increases above its Historic Dollar Value. While any endowed fund is valued above its Historic Dollar Value, it shall be the policy of the University that such increase above the Historic Dollar Value may be appropriated and spent in accordance with University and Foundation spending policies.

In addition, such increase above its Historic Dollar Value may be subject to the imposition of an administrative fee to reimburse the University for operating expenses associated with the Truman State University Foundation and to provide unrestricted operating funds for said Foundation for fundraising and associated costs. This administrative fee is authorized at an annual rate not to exceed 1.5% of the market value of funds invested in the long term investment pool of the University, held in trust for the University by the Truman State University Foundation. The administrative fee, if imposed, is to be assessed twice a year: December 30 and June 30. Further, any appropriation and spending of endowed funds and endowed fund earnings or increase and any imposition of an administrative fee shall be subject to the intent and wishes of the donor as expressed in the applicable gift instrument.

This policy shall be a standing policy from year to year and shall govern appropriations from endowed funds on an ongoing and continual basis without need of further action by the Board of Governors.

This policy represents the University's interpretation of how such endowment funds should be prudently managed, given the considerations and guidance as prescribed in the Uniform Prudent Management of Institutional Funds Act, as adopted by the State of Missouri. In exceptional circumstances, the Board of Governors will consider staff or Truman State University Foundation Board requests to waive this policy for specific funds and will in such an exceptional circumstance base its decision on an analysis made in accordance with provisions of the Uniform Prudent Management of Institutional Funds Act before making a final determination.

13.045. Non-Endowed Gifts. The Truman State University Foundation, as legal trustee for the University, acts as the repository for restricted and unrestricted gifts not designated for endowment.

An administrative fee is authorized on these gifts to strengthen the Advancement program and partially defray the costs of the University Advancement Office. This fee may not exceed 5% of the gift amount and is to be assessed at the time the gift is received.

This administrative fee will be deposited in a separate fund and applied to the University Advancement effort. Donors are to be advised of this administrative fee at the time they make their gifts and are to be given the opportunity to object to the imposition of the fee. The fee will not be deducted from the gift if the donor objects.

The President of the University is authorized and directed to develop and promulgate appropriate policies for the full implementation of this Board policy.

13.050. Naming Opportunities. The exterior areas, landmarks, programs and interior spaces of the University may bear distinctive names which reflect outstanding contributions in keeping with the nature and mission of the University. The guidelines set out below will provide the criteria to be used and the approvals needed in naming such Exterior Areas, University Landmarks, University Programs and Interior Spaces in honor of individuals and Organizations.
