

COVID-19 TIPS

# HALLOWEEN 2020

## IS HALLOWEEN CANCELLED?

No, it's not cancelled, but we need to be creative with our celebrations.

Direct face-to-face contact contributes to COVID-19 transmission. So parties and gatherings with people you do not know (and unmasked and/or inside) are not good ideas.

## TIPS TO HALLOWEEN SAFELY:

- Have a small gathering with members of your pod.
- Do a scary movie night with your roommates or family.
- Host a virtual costume party.
- Carve pumpkins outside with family or your pod.
- Mask up and distance with people who are not in your pod!
- If you do go to a party, self-quarantine after to make sure you do not expose others.
